THE GIRL WAS OUTRAGED

MISS SOPHIA SCHWENSEN THE
VICTIM OF THE LUST OF
LLOYD CANNON.

SHE IS WHITE, WHILE HE IS BLACK

Crime Was Committed Sept. 26—Sec-
ond Attempt Made Oct. 14—De-
fendant Was Held for Court
Today Without Bond.

Lloyd Cannon, the fugitive negro who was arrested near Paola, Kas., last Monday, the 10th, by Sheriff I. N. Sprecher and Chief of Police Boulit, was given a preliminary hearing in Judge R. G. Leaning's court at 10 o'clock this morning, charged with having attempted to ravish Miss Sophia Schwensen, a domestic employed by Font Meriwether and family.

James T. Montgomery assisted Prosecuting Attorney Dow in conducting the case for the state, while C. C. Kelly represented Cannon.

Shortly after 10 o'clock, Mr. Kelly was called away by a long distance telephone message, and returned thirty minutes later, when he announced the defendant ready for his preliminary.

Mr. Kelly immediately prepared an affidavit for a change of venue, but Mr. Montgomery informed the court that at a preliminary examination a change of venue could not be granted, and in compliance with the law another justice of the peace, Judge J. B. Rickman, was called to sit jointly with Judge Leaning in hearing the evidence.

After a delay of some ten of fifteen minutes the prosecuting witness, accompanied by Mrs. Meriwether, her cousin, Miss Minnie Schwensen, and her friend, Miss Eckles, entered the court room, the prosecuting witness sobbing aloud and apparently being very much exercised in anticipation of the ordeal which she was about to go through.

Miss Schwensen was called as the first witness, and after being sworn took the stand. With tears, and between sobs that could be heard quite a distance, she told the startling story that on September 26, last, while the household goods of Mr. Meriwether were being removed to another house, Cannon had seized hold of her and ravished her, despite her every effort to prevent the crime.

After accomplishing the deed, Miss Schwensen told on the stand that Cannon threatened to kill her by cutting her throat if she ever divulged what had occurred.

According to her story, he repeated the threat many times thereafter, and in consequence she kept the crime a secret.

Miss Schwensen was further questioned by Mr. Montgomery and told the following story:

On the morning of October 14, last, while Mr. and Mrs. Meriwether were absent from home, Cannon again seized hold of her, and made an immoral proposal to her, after first telling her that he wanted a kiss.

According to her story, she screamed for help, and carpenters at work on Mr. Meriwether's dwelling ran to her assistance and frightened the negro away.

Miss Schwensen appeared, to be very much fatigued after answering the questions relating to the above story, and at the conclusion of the narrative she was dismissed.

Mr. Kelly said that he had no questions to ask, and both the state and defense announced their conclusion of the hearing.

Mr. Dow recommended to the court that Cannon be remanded to the custody of the sheriff, pending trial in criminal court, and that no bail be fixed, as the crime which the prisoner is charged with is not a bailable offense, and if a conviction is had can be made punishable by death.

Accompanied by Sheriff Sprecher and Deputy Henderson, Cannon was taken back to the county jail, pending trial in criminal court.

The court room was filled to its capacity during the hearing, standing room being at a premium. In addition to Sheriff Sprecher and Deputy Henderson, Chief Boulit and three police officers were present at the trial to guard against any attempt at violence.

The general impression all along has been that Cannon merely attempted to ravish Miss Schwensen; and when, after being questioned, she told of the negro having accomplished

his purpose, the indignation of every spectator was apparent, and public sentiment immediately became more bitter against the prisoner.

Mr. Kelly, at the opening of the hearing, informed Prosecuting Attorney Dow that he desired to dispose of the case with as little sensationalism as possible, and would be perfectly willing to have newspaper reports verified, and to have the prisoner bound over to the criminal court on that testimony without any argument whatever. This was not satisfactory to Mr. Dow, and the case proceeded to trial.

After the disposition of the case Mr. Kelly said all he desired in the case was justice.

"If Cannon is guilty he should be

Train—The Order Will Be Ef-
fective Within the
Next Few Days.

An official circular issued from the headquarters of the company in St. Louis was received by J. W. McClain, city passenger and ticket agent for the Missouri Pacific, today, stating that in future no passenger should be allowed to enter the company cars without first showing either the conductor, auditor or porter his ticket for transportation.

In other words, the bulletin means that hereafter no cash fares are to be accepted, and passengers expecting to ride on the trains shall purchase their tickets from the company's agents.

The bulletin is signed by C. L. Stone, passenger traffic manager, and B. H. Payne, general passenger and ticket agent, and will go into effect within a few days.

The bulletin also requests agents to post the announcement of the new rule in a conspicuous place, where it will be noticed by the traveling public.

This rule was adopted by the Chicago and Alton and C. & Q. railroads several years ago, and is still in vogue.

THIRD ATTACHMENT RUN

The "Great Baker" Is Having "Great"
Time in Sedalia.

The third attachment of the baggage, box receipts and paraphernalia of the "Great Baker" and Mme. Tangle, hypnotists and clairvoyants, playing an engagement at Wood's opera house, was made today, when John Kaiser, the hotel keeper, attached the goods for board and room rent.

Several days ago two of the company employees attached the goods for \$59 wages. The attachment was dissolved, and then Bente & Wilson attached the goods for their fee.

At the instigation of Attorney Steele, O'Bannon, Corum and Lynch the attachment was dissolved, and then John Kaiser ran the third attachment.

PISTOL LOADED; LAD DIES

Playmate Accidentally Shoots Emanuel
Tennison.

Mount Vernon, Ill., Feb. 14.—Emanuel Tennison, aged 17 years, son of James Tennison, of Dahlgren, was accidentally shot and killed yesterday.

The 18-year-old son of Albert Campbell did the shooting. He claims he did not know the revolver was loaded.

Once Preached in Sedalia.

The Rev. Dr. T. H. Hagerty, of St. Louis, who was the first pastor of the former Ohio Street M. E. church, now the First M. E. church, in this city, will celebrate his eightieth birthday in St. Louis next Tuesday, the 18th inst., and on Sunday will preach an anniversary sermon at the Union Methodist church in St. Louis. Dr. Hagerty is prominent in G. A. R. circles, and Ramson post, of St. Louis, will attend the anniversary services in a body.

A MOVING PICTURE SHOW

PRESENTED A LIKENESS THAT
RESULTED IN MAN BE-
COMING CRAZED.

IT WAS THAT OF HIS MISSING WIFE

Left Him Five Years Ago, and Was
Shown in the Picture in the Com-
pany of a Man on Fifth Ave-
nue, New York City.

Youngstown, O., Feb. 14.—George Coschetto, a wealthy Italian of this city, is a raving maniac in the county jail, driven suddenly insane by a glimpse of the face of his long lost wife in a picture of a crowd on the New York streets flashed on the canvas in a moving picture show.

Five years ago Coschetto and his young and handsome wife were living happily in a cozy home on Manning avenue, this city. Coschetto had a prosperous business and there had not been a cloud to mar the two years of their happy married life.

One day Coschetto's wife disappeared without any known cause. The husband was almost crazy, and for nearly three years traveled all over the country, making several trips to Europe, and advertised for her all over the world.

In spite of his efforts, the only clue that he ever received was that she was somewhere in New York. He spent much time and money to locate her there, but without avail, and he finally came back here, broken hearted.

Last evening Coschetto wandered into a moving picture show. Almost the first scene that was flashed on the canvas after he entered was a view of the corner of Fifth avenue and Forty-second street, New York.

The central figure of the scene was a beautiful young woman walking along in an animated conversation with a man. Coschetto uttered one scream. The woman was his long lost wife.

The scene shifted and she was lost to view. Coschetto hunted up the manager and demanded that the picture be shown again. It was flashed on the canvas the second time and all doubt as to the identity of the woman was removed.

Coschetto rushed out on the street raving. For hours he wandered about until he was finally picked up by Patrolman Hanis. He was taken to Central station, but was later committed to the county jail. His condition is serious.

TENDERED A PASTORATE

Dr. J. H. Miller, Years Ago a Sedalia
Divine.

The pastorate of the Oak Hill Presbyterian church in St. Louis has been tendered to Rev. Dr. J. H. Miller, years ago a resident of Sedalia, later of Nevada and then of Kansas City, but at this time he has not announced whether he will accept it.

This is a very strong church and the tendering of the pastorate to Dr. Miller is a very high compliment.

Dr. Miller is one of the most prominent Presbyterian ministers in the state and has held many high positions in the affairs of his church.

RACE SUICIDE AMERICAN SIN

Vicar General Says Catholic Immigrants
Are Not So Afflicted.

Trenton, N. J., Feb. 14.—Preaching to a congregation of Catholics in St. Mary's cathedral here, Monsignor John H. Fox, vicar general of the diocese of Trenton, characterized "race suicide" as the "American sin," declaring that the practice was not brought here by the Italians, the Poles, the Slavs or other Catholic immigrants.

A DELIGHTFUL RECEPTION

Was Given Last Night in Honor of
Recent Converts.

One of the most delightful social gatherings ever fathered by any church in this city was given by the members of the Fifth Street M. E. church, South, at the church parlors last night for the enjoyment of the recent converts to the faith.

The affair was planned for over one hundred and fifty new members, who were designated by a small-sized white card pinned to their clothing. Early in the evening the church

members began to assemble, and at the specified hour a brief program was rendered. In addition, several pleasing numbers were given by Miss Sarah Payne, organist.

After the rendition of the music the affair was converted into a social gathering, and all proceeded to entertain the new members.

At a late hour the new converts proceeded to the Sunday school room, where refreshments of sandwiches, pickles, salads, coffee and orange ice were served, after which the old members of the church were also served.

The gathering was one of the most delightful ever given by the members of that popular denomination, and on departing every guest voted the affair a complete success in every particular.

SALOONS SHUT UP SHOP

RESORTS AT VERSAILLES AND
STOVER HAVE GONE OUT
OF BUSINESS.

MORGAN COUNTY NO LONGER WET

The Versailles Statesmen Pays a High
Tribute to the Men Who Have
Been Engaged in the
Traffic There.

The two saloons of Versailles and the two saloons at Stover closed on Monday night, Feb. 10, says the Versailles Statesman. This is the first time Morgan county has been without saloons in many years. What the result will be is yet to be seen. Everybody will watch the outcome.

Morgan county is not the only county in the state that is dry. There are about sixty more counties in the state in the same condition. The people did it with their votes.

So far as Morgan county is concerned, it will never have better saloon men conducting business in the county.

In Versailles Heineman and Livingston tracked the law with friend and foe alike. No man, good, bad, rich or poor, could get anything to drink at either of these saloons on Sunday in any year. They could not get it any other unlawful way.

Minors were protected, as far as saloon men and their clerks were concerned, and if at any time minors got intoxicated it was without the knowledge of the saloons.

The same conditions prevailed at Stover, where Monsees Bros. and Fred Gerit were conducting orderly saloons. If we are ever to have saloons in Morgan county again, we will be lucky if we have such law-abiding men to conduct them.

MADSTONE WAS APPLIED

Sedalia Boy Who Was Bitten by a
Shepherd Dog.

A case recently written of in the Democrat-Sentinel was referred to as follows in the Nevada Mail of yesterday:

W. W. Greer, of Sedalia, brought his 13-year-old son to this city Tuesday afternoon to consult with Dr. Stanhope. The boy was bitten by a supposed mad dog, and as Dr. Stanhope possesses a mad stone, the application of the stone was deemed advisable.

The stone adhered to the wound for some twelve hours and Dr. Stanhope feels assured that it will prove beneficial.

SUSPECTS ARE SET FREE

No One Can Identify Men Who
Robbed Willard, Mo., Bank.

Eureka Springs, Ark., Feb. 14.—Four men arrested here Wednesday afternoon, suspected of having robbed the bank at Willard, Mo., were released upon receipt of a wire from Cashier Frazier that no one in Willard could identify the robbers.

After their release it was learned that a fifth man had been trying to sell a watch, making the number tally with that of the gang at both Willard and Rich Hill.

Received a Death Message.

Mrs. J. W. Patrick today received a telegram from her husband at Tupelo, Miss., announcing the death there last night of their son-in-law, S. T. Harkey, who sustained a stroke of paralysis on the 6th inst. The deceased was about 50 years of age, and is survived by his wife and three children.

DEATH OF MRS. HOFFMAN

WAS STATE PRESIDENT OF THE
W. C. T. U. FOR TWENTY-
FIVE YEARS.

WAS TRULY REMARKABLE WOMAN

Success of That Organization in Mis-
souri Was Due Largely to Her
Leadership and Untir-
ing Efforts.

Kansas City, Mo., Feb. 14.—After three months' illness of pneumonia, Mrs. Clara C. Hoffman, state president of the Missouri Women's Christian Temperance Union, died at 8.30 o'clock last night at the home of her son, Guy C. Hoffman, 4241 Windsor avenue.

She was the widow of the late Dr. G. Hoffman, and had been president of the state W. C. T. U. for twenty-five years, being well known throughout the United States as the pioneer temperance worker of the southwest.

Mrs. Hoffman was born in DeKalb, St. Lawrence county, N. Y., January 15, 1831, and came to Kansas City in 1871, having been a resident of this city since that time.

Mrs. Hoffman was educated in the schools of New York and Massachusetts. She taught school in Illinois for some time, and it was while there that she met and married Dr. Hoffman.

Later she moved to Warrensburg, Mo., where she was a teacher in the public schools for several years. In 1882 she decided to take up the work of the W. C. T. U.

Twenty-five years ago she was elected to the presidency of the Missouri W. C. T. U. and had since been recognized as leader of the organization in the state.

Twelve years ago she was made national recording secretary and since that time had held this position. In 1895 Mrs. Hoffman was sent as a delegate to the world's convention of the W. C. T. U. held at London, England, and spent months lecturing in Great Britain, Germany, France and Switzerland.

The success of the Missouri W. C. T. U. for the past twenty-five years had been practically due to the efforts of Mrs. Hoffman.

Mrs. Hoffman is survived by one son, Guy Hoffman, of this city. The funeral arrangements have not been completed because of the large number of temperance workers in Missouri who will desire to attend, and as many of them as possible will be notified today. It is also expected that some of the national officers will be present.

FIRE CHIEF LOST LIFE

"Grand Old Man" of New York Fire
Department Killed.

New York, Feb. 14.—Deputy Chief Charles W. Kruger, known for many years as "the grand old man of the fire department," lost his life today while leading his men in a desperate struggle against flames in a Canal street building.

While working through the cellar, filled with smoke and gases, Kruger plunged through a trap door into a sub-basement which was filled with water and drowned. He had been a member of the department for thirty-six years.

THE "DRYS" WON EASILY

Livingston County, Outside of Chillicothe, Votes.

Chillicothe, Mo., Feb. 14.—Livingston county voted in favor of local option yesterday by a majority of 4 to 1. A large vote was cast.

The dry vote was 1,584 and the wet 390. The majority against the saloons is 1,194. The victory was won after a school house campaign by the temperance advocates. All the seventeen precincts, including all the towns, went dry.

The temperance advocates carried the precinct of Chula, the town in which the only saloon in the county outside of Chillicothe is located. The vote was 1,210 to 41.

Chillicothe has not yet voted on the question, but the campaign is on and the town will vote February 25. Meetings are being held in the city nightly. The vote here promises to be close.

There are thirteen saloons and two

brewery agencies in Chillicothe. The fight for the temperance advocates is being conducted by the Chillicothe local league. It has a woman's auxiliary of 800.

Sixty-nine of the 114 counties of Missouri have voted for prohibition.

Local Option Fight Ends.

Bevier, Mo., Feb. 14.—The local option campaign in this county came to a close with a rally of both forces at this place last night. Representative Botsford, of Knox county, spoke on local option. Harvey C. Lawrence, of Kansas City, opposed.

From best information obtainable the county probably will vote for local option, while this city and township probably will vote against local option.

WISCONSIN FOR BRYAN

CONVENTION OF BADGER STATE
DEMOCRATS DECLARE FOR
THE GREAT COMMONER.

DENVER DELEGATES SO INSTRUCTED

Resolutions Say Conditions Disclosed
in Recent Presidential Message
Are Direct Results of Long
Control of Republicans.

Milwaukee, Wis., Feb. 14.—The democrats in the state convention meeting here today unanimously adopted resolutions "in favor of that great commoner, William Jennings Bryan, as the next democratic candidate for president of the United States."

The delegates to the Denver convention are instructed to vote for Bryan, "first, last and always." The resolutions adopted say:

"The appalling abuses disclosed in the recent message of the president are the direct results of the long continued reign of the republican party in national affairs," and continuing, it declares allegiance to "the time honored principles of Jeffersonian democracy."

HAS A NOVEL PLAN

Congressman Scott Would Educate
Farmers by Demonstrations.

Washington, Feb. 14.—Congressman Scott, of Kansas, chairman of the house committee on agriculture, has conceived a novel plan, which he believes will, if adopted, enable the farmers of the country to produce better and far larger crops than ever before in their history.

Congressman Scott's proposition involves the establishment of hundreds of experimental farms of one acre each in every county in the group of four western agricultural states, for the purpose of giving all farmers practical demonstrations of the best methods of growing different kinds of crops. The land is to be furnished by the farmers themselves, and the demonstrating made by government experts.

EPITAPH WARNS BACHELORS

War Veteran, 93, to Rest Beneath
Own Novel Admonition.

Lafayette, Ind., Feb. 14.—F. Wythe, a civil war veteran at the Old Soldiers' home, aged 93 years, was buried today beneath a tombstone on which he himself carved this epitaph: A bachelor lies beneath this sod. Who disobeyed the laws of God; Advice to others here I give, Don't live a bachelor, as I lived.

Mr. Kelly Quits the Race.

Mr. C. C. Kelly, who has the endorsement of the republicans of the Seventh district for the party nomination for congress, decided today to withdraw from the race. This leaves Edward M. Taubner, the Lexington banker, and James Whitaker, of Hickory county, to contest for the nomination. The Democrat-Sentinel believes, without question, that Mr. Kelly was by far the most available candidate, but the Seventh is a democratic district and the genial Sedalia exercised good judgment in withdrawing from a race that is certain to result disastrously.

NOT ACCEPT THE OFFER

RIDGELY WILL NOT HEAD NEW
NATIONAL BANK OF
COMMERCE.

HE MAY VISIT KANSAS CITY SOON

Ex-Governor Francis Also Declares
That Comptroller Ridgely Is
Not to Become President of
Reorganized Bank.

New York, Feb. 14.—Comptroller of the Currency William L. Ridgely has not resigned his office and will not become president of the reorganized National Bank of Commerce of Kansas City. This was stated flatly last night by both Mr. Ridgely and former Governor D. R. Francis at the Hotel Plaza, where they are stopping.

Mr. Ridgely went further in his statement and declared that he did not intend to resign his governmental position, while Governor Francis extended his remarks to make it plain that the National Bank of Commerce had not proceeded so far with its organization that anyone could be asked to assume the presidency. He also said that he had never asked Mr. Ridgely if he would accept the presidency of the bank.

"The numerous rumors that have been set afloat lately," said Mr. Ridgely, "that I intend resigning and taking charge of the bank are untrue."

Governor Francis denied the recent story that he had come east to tender the presidency of the bank to Ridgely. "I am here on other business of a purely personal nature than that of affairs of the bank," said the governor. "Everything is going well with the bank, and I am sure that it will eventually be reopened on a very satisfactory basis."

The governor said he did not know how long he would be here.

While in town yesterday Mr. Ridgely discussed with Vice President Frank Vanderlip, of the National City bank, plans for the rehabilitation of the National Bank of Commerce, of Kansas City, Mo. What progress toward rehabilitation had been made was not made known.

Comptroller Ridgely left for Washington last night.

STANDARD SUIT A "BLUFF"

Rainey Criticizes Administration's
Course Toward Oil Company.

Washington, Feb. 14.—That the fight of the administration against the Standard Oil company was "only a bluff," was asserted in the house yesterday by Rainey, of Illinois.

He did not think it was possible, he said, to make a presidential campaign "on the strength of a \$29,000,000 fine and some messages denouncing the Standard Oil company." He had not heard of the fine being paid, and he said "its collection, like the revision of the tariff, has been postponed until after the election."

The real effective method of limiting the power of the Standard Oil company, Mr. Rainey argued, was to remove the tariff of 15 cents a gallon on petroleum.

AN EX-GOVERNOR INDICTED

Voorhees of New Jersey Is Charged
With Perjury.

New York, Feb. 14.—Indictments charging perjury were returned by the grand jury yesterday against Foster M. Voorhees, former governor of New Jersey, and formerly president of the Bankers' Life Insurance company, and against Frank H. Combes, formerly secretary of that company. The charges are based on reports made to the New York state insurance department in 1904.

A VERY UGLY CASE.

The revelations this morning at the preliminary hearing of Lloyd Cannon, the negro, who fled from Sedalia after having been discovered making an assault upon a white girl, who was a fellow servant at the home of a Sedalia resident, and who recently was brought back from Kansas were shocking to an extreme, and in some communities would have aroused popular indignation to an extent that it would have been difficult to have given the prisoner that protection that the law provides to any criminal, however heinous the crime.

As it is, Cannon has been given every privilege belonging to him, and no threat or demonstration against him has been made, which is as it should be. If, however, he is found guilty after a fair trial and the benefit of the best legal advice, there should be no hesitancy in giving him the limit of punishment provided by the statutes.

WHAT ARE HEART'S PURPOSES?

There is quite a little speculation in democratic circles over the reports which have gone out to the effect that William R. Hearst is perfecting an organization and purposes to hold a Hearst league convention, probably in Indianapolis, between the republicans and democratic national conventions.

It is asserted that Mr. Hearst has secured the services of Charles A. Walsh, former secretary of the democratic national committee, and that Mr. Walsh has employed a number of able lieutenants who are assisting him in the work of organizing the Hearst machine, or party. No definite information can be obtained as to the purpose of the Hearst movement.

Does Mr. Hearst expect to form a third party and nominate himself for the presidency? Does he expect to develop a strength which will enable him to dictate terms to the democratic party? Will his movement detract seriously from the democratic vote? These and a host of other questions are being asked democrats who can not fathom the purposes of the great editor-politician.

It has been supposed that because of his extensive newspaper properties Mr. Hearst would not dare to oppose Mr. Bryan, and that may be the case, but his present purpose is the occasion of the utmost curiosity and anxiety.

CANNON FOR ALDRICH BILL.

Senator Stone has been making an earnest effort to organize the democrats in the senate so that they might present an effective resistance to the Aldrich financial bill, but he has been checkmated by the per-

sistent opposition of Senators Bailey and Teller, and there is every prospect that the minority will have to content itself with offering a few amendments, which might improve the measure, seeing them voted down by the republicans and then permitting the bill to pass the senate.

Nor is it likely that any effective opposition can be presented in the house. There are doubtless a majority of the members of the house who are opposed to the bill, but the speaker is for it, and he rules the lower chamber.

Mr. Cannon, it is said, regards the Aldrich bill as eminently satisfactory. If its opponents in the republican ranks threaten to show their independence there will be a caucus and every republican will be whipped into the line under the scourge of the party whip.

The new branch of the geological survey has inaugurated an investigation of interest to every state where mining is done, and that is almost every state in the Union. It is to start a special experiment station, where there will be tested different brands of explosives under different conditions of use, to see which are least capable of igniting the dangerous mine gases and causing explosions. Various types of safety lamps are to be tried, including a number that have been brought from abroad, where they are supposed to be more advanced in the art of safe mining than we are in this country. Tests will also be made with special smoke jackets, with which men can go into burning or gas-filled mines and rescue comrades without waiting for the mine to be cleared by the fans. This would save hundreds of lives annually, could it be done. A number of other important safety devices for mining are to be tried immediately, and others will be taken up as they are developed. This is a branch of government work that has never been done before and one that is badly in need of doing.

In San Francisco it appears to be no crime for a political boss to extort money from French restaurant keepers and "divvy up" with the mayor. On the west coast robbing a Frenchman seems to be almost as meritorious an action as clubbing a Jap.

The story of that Missouri man who enlisted in the army because he was out of work, and next day fell heir to a fortune has not started a rush on the recruiting stations as yet.

President Roosevelt says that Secretary Taft will let the republican nomination on the first ballot. Would it not be safer to say that he is sure of the federal brigade?

If Promoter Morse is a bankrupt and the grand jury is after him and he fled, is he a victim of "attacks on property" or of his own wrongdoing?

The new congressional office building in Washington will make some of the backwoods members walk as if they were treading on eggs.

While Mr. Roosevelt has stolen his clothes, Mr. Bryan wishes it understood that he didn't get his under wear.

The mother-in-law joke reaches the climax in the case of a Delaware man who has just married "his'n."

J. Pierpont Morgan goes to Washington now and then to see if his country is being run right.

JUMPS INTO EAST RIVER

Labor Leader Leaps From Automobile Crossing Brooklyn Bridge.

New York, Feb. 14.—There was a panic on the Brooklyn bridge yesterday when a well dressed man suddenly jumped from a big automobile, leaving two terror stricken women behind him, clambered to the guard rail of the bridge and plunged headlong down to the river.

He was John Grant, a printer and labor leader, a member of Franklin Association No. 23, and well known in labor circles. In his plunge he narrowly missed landing on the deck of the tug, Castor.

He was fished out by Capt. Longfellow and his men on board the tug and taken to the Clyde docks at the foot of Roosevelt street. From there he was sent to St. Gregory's hospital, where he was revived under oxygen and was made, a prisoner, charged with attempted suicide. He refused to tell why he had jumped.

FRANKLIN MILES, M. D., LL. B., the Well-Known Specialist in Diseases of the Heart, Nerves, Stomach and Kidneys.

Will Send a \$2.50 Trial Course of His Special Neuropathic Treatment Free.

When an experienced physician offers to give away \$2.50 Treatments for diseases of the heart, nerves, stomach, kidneys or dropsy, it is conclusive evidence that he has great faith in it. And when hundreds of prominent people freely testify to his unusual skill and the superiority of his Special Treatments, his liberality is certainly worthy of serious consideration.

That the doctor is one of the world's most successful physicians is proven by hundreds of wonderful cures of well-known people. One patient cured after failure of eleven Grand Rapids' physicians, one after being given up by thirty physicians, one after nine of the leading doctors in New York City, Philadelphia and Chicago failed.

The late Prof. J. S. Jewell, M. D., editor of the Journal of Mental and Nervous Diseases, said: "By all means publish your surprising results." Mrs. Elvina Sonders, Decatur, Neb., cured after 10 physicians failed. Mr. George E. Killey, New Albany, Ind., after 8 failed. Mr. R. Burford, Bannister, Mich., after 4 failed. Mr. S. D. Kauffman, McAlisterville, Pa., after 5 failed. Rev. Wm. Nelson, Dexter, Ohio, after several failed. Miss Olive Gehrig, Peru, Ill., after three failed.

Hundreds of remarkable testimonials sent upon request.

As all may have the Doctor's New Book, valuable advice and \$2.50 worth of treatment especially prepared for their case, free, as a trial, we would advise every sick one to send for them at once. Address, Dr. Franklin Miles, Dept. W., 260 to 270 Main St., Elkhart, Ind.

MADMAN WINS A BATTLE

FIGHTS A DESPERATE BATTLE WITH DOCTOR AND NURSE IN HOSPITAL.

WOMAN SHOWED RARE BRAVERY

Grappled With Suicide and Struggled Fearlessly to Save Him—Had New Testament on Person.

Chicago, Feb. 14.—A madman fought a death fight with a physician and a nurse in a ward of the county hospital late Wednesday night, and when the attendants succeeded in tearing from his grasp a pair of scissors with which he was slashing at his throat, the crazed patient thrust a finger into the gash he had made, tore out the jugular vein and snapped it with his hand. He died in a few minutes. The hospital was thrown into a panic.

While the night superintendent, Miss S. E. Warwick, and the attending physician, Dr. D. C. David, were conferring in a room across the hall from the patient, William H. Andrews, recently of Sioux City, Ia., they were attracted by groans, though the man was supposed to be lying in a comatose condition.

Miss Warwick stepped hastily into the room and was horrified to see the man slashing and gnashing at his throat with a pair of hospital shears. His face and clothes were soaked with blood, but the woman, screaming for the doctor, flew at the man with all her strength.

She seized him by the arm with which he was still making frantic efforts to reach the vital spot. Dr. David rushed into the room and the two of them dragged the would-be suicide from the end of the room to the other without succeeding in getting his hands away from his throat.

The shears, slippery with blood, were wrested from his grasp, but the man tore at the bleeding gashes with his fingers, and snapped the jugular vein in two.

The struggle lasted 15 minutes, and at the conclusion both doctor and nurse were faint from exhaustion. It was 11 o'clock when the woman was first attracted to the scene and 15 minutes later the man was dead.

Andrews was brought into the hospital by the Chicago avenue police ambulance at 8 o'clock last night. He had been picked up at the Moody church. He was carried into the hospital on a stretcher, but examination failed to disclose anything the matter with him, and it was suspected that he was shamming illness. He was cheaply but not shabbily dressed. To all questions he remained dumb other than to say that he had no friends.

A packet of letters addressed to him in care of the Y. M. C. A. at Sioux City led the authorities to believe that he had religious affiliations. A membership card in the Sioux City Y. M. C. A. was also found among his possessions. There were also letters from a brother, Edward Andrews, postmarked Manchester, Eng. It is supposed that Andrews came to Chicago in search of work and finding none, was in despair. He had had very little to eat for some time. He was about 23 years old and had a refined appearance. His stubbornness against following the orders of the hospital physician had resulted in his being brought to the room where he fought his battle for death. It was there that efforts were made to compel him to take nourishment.

Telegrams were sent by the police to a sister, supposed to be living in Sioux City. In one of his pockets was found a card on which he had pledged his fidelity to a Christian life. A copy of the New Testament, worn and thumbmarked, indicated that it had been well read.

WRECKED A RESTAURANT

Five Hundred Children Appear at Same Time and Rush Ensues.

New York, Feb. 14.—Fighting for the food provided for them by a benefactor, to relieve the hunger said to exist among many children in the New York schools, a mob of 500 youngsters fairly wrecked Lauber's restaurant, in Grand street, yesterday. The big glass windows were broken and inside tables and chairs were smashed. A half dozen police were helpless, and reserves had to be called.

Moved by tales of hunger among school children, Mr. Lauber several days ago volunteered to feed students from half a dozen schools in the neighborhood at noon. Hundreds have been cared for every day.

Yesterday fully 500 children reached the restaurant at the same time. There was a rush to get inside, in which the doors became clogged. Outside the desperate children fought to

get inside. They surged against the windows, breaking the glass, while the rush through the doors carried those inside against the tables with such force that they were overturned and the dishes trampled under foot. It was half an hour before order could be restored.

SCIENTISTS IN MANITOBA

British Association for Advancement of Science.

Winnipeg, Man., Feb. 14.—What promises to be the greatest gathering of scientists ever held in the new world will take place in this city in the autumn of 1909, when the British Association for the Advancement of Science, the foremost organization of its kind in the world, will meet here. Already the people of the "Chicago of Canada" are making preparations for the reception of the distinguished guests who will be here on that occasion.

The meeting in Winnipeg will only be the fourth in a period of seventy-eight years, which the association has held outside the British Isles. The first occasion was in 1884, when the meeting took place in Montreal; the second was in 1897, when Toronto had the good fortune to be the scene of this important gathering; South Africa was visited in 1905, and, in 1909, Winnipeg is to be honored.

The British association was founded in 1831, and especially "for the advancement of science." Among its past presidents may be mentioned H. R. H. the Prince Consort, Huxley, Tyndall, Lord Rayleigh, Lord Lister, Rt. Hon. A. J. Balfour, Sir George Darwin.

The association includes in its membership practically all the better known scientists in Great Britain, and is the most representative and one of the most influential scientific societies in existence. As is customary for the association to invite to its annual meeting a number of distinguished foreign scientists, it is safe to assume that Winnipeg will have the honor of entertaining many of the most eminent scientific men in the world.

Mrs. Joseph Kennett Wins Slander Suit Against W. H. Upham.

Mexico, Mo., Feb. 14.—Mrs. Josephine Kennett was awarded a verdict of one dollar damages yesterday in her suit against W. H. Upham for slander. This action throws the costs on Mr. Upham.

Mrs. Kennett alleged that defendant had made certain remarks implying that she was a party to a theft. Suit was filed in the circuit court here for \$10,000.

T. J. Kennett, husband of the plaintiff, also filed suit for \$10,000 and Grove Sisson, an employee of Mr. Kennett, sued for the same amount, both claiming that Upham had made remarks of slanderous character about each of them. The latter two cases are upheld on a demurrer.

A BABY BORN IN STREET

MRS. CHAS. M. ROBINSON FALLS IN A FAINT AND SOON BECOMES MOTHER.

THE LITTLE ONE IS QUITE LUSTY

Woman Went to St. Joseph to Search for Employment and Was Weary—Physician Gave Attention on the Sidewalk.

St. Joseph, Mo., Feb. 14.—Such a strange ushering into the old, gray world as Baby Robinson—the mother is thinking of naming the little girl Louis Pentz Robinson—probably never before fell to the lot of a baby in the history of St. Joseph. To be born on a crowded street, while hundreds of theater goers are around, seldom is the lot of a child, but it fell to this latest bit of humanity, whose lusty cries this morning proved that she is gifted with a strong pair of lungs.

Mrs. Charles M. Robinson, mother of the little one, worn from several hours of tramping the streets in an effort to find some place of shelter until the crisis was past, fell in a faint in front of the store of the Townsend & Wyatt Dry Goods company, at Fifth and Felix streets, about 7:30 o'clock Tuesday night.

Lewis C. Garbert, the attorney and politician, who was passing, caught her before she struck the pavement, and her screams attracted Dr. William E. Pentz, who was near, and he gave the necessary medical attention. She was removed in an ambulance to the Red Cross Emergency hospital, at Seventh and Messanie streets, after the child was born.

A. W. Peck, a traveling man, gave the physician his overcoat to wrap the woman in until she reached the hospital. The cries of the baby could be heard above the roar on the streets as the ambulance moved away. At the hospital this morning both mother and baby were doing well. "Better than I hoped for," said Dr. Pentz. Ensnared in a ward on the second floor, with everything comfortable, the newest visitor to St. Joseph was too hungry to pay much attention to visitors. With the grave, solemn look of all babies, whether they be one day or one year old, little Miss Robinson gazed at a representative of the News-Press for a moment, and then, with a sigh of blissful content, went to sleep.

"She is a fine baby," said Matron Clark, as she tenderly lifted the tiny bit of humanity for a moment, and Dr. A. Clayton Luken, the house physician, concurred in the view.

Mrs. Robinson came to St. Joseph from Marysville, Kas., last week and tramped the streets for several days without being able to find employment. She appealed to the Salvation Army for aid. Major Smith, the Salvation Army officer in charge, told her to remain in a room and the wife of one of the officers would take her home at night, but she disobeyed him. "I thought maybe they had forgotten me," she said.

The mother was married to Charles M. Robinson at Seneca, Kas., five years ago. Her father, William Matthews, lives at Dubois, Neb. The Robinsons parted last September and she came here a week ago. She is 32 years old.

CARELESS DRIVER OF CLAY A. PIERCE'S AUTO GUILTY OF MANSLAUGHTER.

Case is First of Severe Punishment for Reckless Motorist in St. Louis—The Speed Was Fifty Miles an Hour.

St. Louis, Mo., Feb. 14.—A year in the city jail and a \$1,000 fine were the punishment allotted to Jesse Watson, chauffeur for Clay Arthur Pierce, by a jury in Judge Muench's court, whose sealed verdict was read Thursday.

Watson was convicted of manslaughter in the fourth degree. The machine which he was driving ran down and killed little Christine Mueck at Locust street and Garrison avenue last Halloween.

The case is the first in which substantial punishment has been assessed as the result of a death caused by an automobile in or near St. Louis. Watson's lawyer, Thomas J. Rowe, filed a motion for a new trial. Watson is at liberty under bond pending action on this motion. If it is overruled, an appeal is anticipated.

Assistant Circuit Attorney Newton, who conducted the prosecution, was gratified with the result, in view of the absence of a witness, L. H. Pelham, which caused two continuances. Pelham and two women were in the auto with Watson at the time of the fatality.

Pelham is also named as a witness in a civil suit for damages brought by the child's parents, who live at 3131 Adams street. At last reports he was in Tennessee, having sold out his retail drug business in St. Louis soon after the fatality. The two women were also in Tennessee for a time, but returned.

Witnesses of the accident, who said they were bicycle riders and experts on speed, testified that the auto was running forty-five miles an hour when it struck the child.

The machine ran on and its ownership and the identity of the driver were not learned until several days after the girl's death.

PASTOR FIGHTS; ARRESTED

Battle With Flock Member Follows Danville, Ill., Trial.

Danville, Ill., Feb. 14.—Rev. G. N. Keniston, pastor of the Second Congregational church, again came into the limelight yesterday afternoon, when he was arrested on complaint of Horace Jenkins, a member of his church, on a charge of assault and battery.

The preacher at the last term of court was tried on a charge of paternity, preferred by Miss Florence Dunsforth, a member of his flock, and was acquitted. He was then tried on the charge of seduction and acquitted. He then caused the indictment of Arthur O. Daniels, a friend of the girl, charging that he had attempted to extort money from him by threats and a jury acquitted Daniels.

As the preacher was returning home from the court house he met Jenkins, a friend of the girl's and some words passed, the preacher slapping Jenkins and a fight ensuing. The arrest was the result.

FOUR CAME TO THE ALTAR

MEETING AT FIRST M. E. CHURCH
HAD LARGE ATTENDANCE
AGAIN LAST NIGHT.

SUBJECT WAS "THE BOOK OPENED"

Evangelist Williams Impressed Upon His Hearers the Certainty of the Judgment and Punishment for Deeds Done or Undone

Four came to the altar last night at the First M. E. church and professed conversion and one united with the church. The church was crowded, gallery and main audience room; they had to throw open the Sunday school room so as to seat the crowd. Today at 3 p. m. Mrs. Williams led her last afternoon meeting. Tonight the drummer preacher will preach on "Conscience." Dr. Plodgett, who heard Mr. Williams in St. Paul M. E. church, Cincinnati, O., for a month, says this is the strongest and best of the drummer preacher's gospel samples.

Tomorrow at 3 p. m. he will conduct a boys and girls' meeting. Subject, "Light." Everybody is invited to this meeting.

He preached a sermon last night labeled "The Books Opened," and gave the people an old fashioned sermon on "Hell." The speaker was earnest and eloquent and the sermon abounded in wit, humor, sarcasm and pathos. It was full of good, timely advice and wholesome doctrine and at its conclusion the large audience said, in the vernacular of his former profession, "He delivered the goods." The text last night was Rev. 20: 12-15, inclusive.

"The Books Opened"—this means the opening of human and divine memory, to be read by the eye of God in the ear of a resurrected universe and in the light of a blazing world. God keeps double entry; book of life, one's deeds; the other the registry of God's people. The record in the book of life must be sustained by the book of memory.

This day points to some special day; it is the day when God settles with us for our life's work, so during our life we decide how we will meet the judge, so to prepare for death is our most serious business.

It is not more time we need, but more will. If we who are in sin don't make better use of more time than we have of the past it would be best if we did not live another day, best you had never been born, for time is only a surprising mercy before eternity begins.

Hell is anywhere outside of heaven. So you judge Christ outside of your life that judges you outside of heaven. You merchants will find out when the books are opened that it takes 16 ounces to make a pound, that it takes twenty hundred to make a ton of coal and 128 feet to make a cord of wood. You will find out that 12 or 20 per cent was not Bible. We may know of the sinner's last hour here, but you cannot tell of his appearance before the judge of the quick and the dead, the judge of all men. It is a foolish thing to live in this world with no thought for the next. What have we now already in the book as our life's record? In the judgment book of God is an exact copy of your life. We deck ourselves in the garments we ourselves are wearing. The passing of our life before us when the books are opened will be a real drama. Most men are not criminals, but if our life was an open book in Sedalia we would be in a hell hot enough already. When the book was opened the things we did not do that we could have done will hang to our souls with hooks of steel. Remembrance will do for us what it did for the rich man in hell. Remembering his unfaithfulness his heart throbbed, his tongue burned. Haunts of memories could not be cooled by all the water of the frozen sea. "Remember was the death knell to his last hope. One says, I wish I could forget. God has wisely shrouded your own life from yourself by throwing a veil across your own memory. When the books are opened this will be taken away. Many are today in Sedalia hiding their secret sins who would blush if they were published. Published they will be and remain forever before our eyes. At death our day's work is done. When the books are opened our life's work will appear. The tomb is not a blind alley. It is the way through which to come face to face with our life's work. Prepare to meet thy God. How will ye escape if ye neglect so great salvation.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood. It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work. Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone. If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of Swamp-Root, by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Birmingham, N. Y. Do not make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Birmingham, N. Y., on every bottle.

\$1,700,000 BACK TAXES

Edgar Against Compromise With Marshall Field Estate.

Chicago, Feb. 14.—Maxwell Edgar, secretary of the Illinois Tax Reform committee, today announced that he is restraining the county from accepting court an application for an injunction restraining the county from accepting \$1,000,000 from the estate of the late Marshall Field in settlement of back taxes.

The amount originally claimed by the county was \$1,700,000, and a compromise was effected, without resort to the courts, for \$1,000,000. Edgar claims that the county had no right to compromise and should receive the full amount of taxes it originally claimed.

COUPLE WEDS ON STAGE

Newly-Weds Denied Admittance to Bride's Home.

Moberly, Mo., Feb. 14.—Harry Jordan and Miss Clara Ransdall were married here Tuesday night on the stage of the Bijou theater in the presence of over 500 persons, and later were paid \$10 in gold by the manager. The ceremony was performed by a magistrate. Returning to the bride's home, the father refused the couple admittance, and they spent the night at the hotel.

At Wood's Opera House.

A production of great interest is promised in the presentation of "A Dangerous Friend" at Wood's opera house Sunday night, Feb. 16. The engagement indicates that Manager Wood is booking the best kind of plays, since "A Dangerous Friend" comes with the cheering news that it is a wholesome melodrama wherein the reason of the spectator is not disgraced and the intelligence of the American theater-going public it not ridiculed with murder, arson, explosions, riots, battles, revivals in vice, monsters of immorality and scenes of debauchery. The author, Fred C. Conrad, who also has the responsibility of being the manager and director of the play, seems to have acted on the most praiseworthy ambition to prove that there is such a thing in a big rousing, appealing, even thrilling melodrama without such obnoxious details as outrages, dens of crime and enough shooting to make a battle like Bunker Hill sound like a bunch of firecrackers.

At the Sedalia.

Grace Hayward Stock Co.

The Grace Hayward Stock company presented to a well pleased audience last night, the society comedy, "A Woman's Way." The play was put on with the usual carefulness which Miss Hayward gives all her plays in which she appears. The ladies of the Eastern Star presented Miss Hayward with a beautiful bouquet of carnations. She is a loyal member of that organization and last night presented the officers of the lodge complimentary tickets. Tonight the company presents Miss Hayward's greatest success, "Camille." This piece is put on in its entirety and with the very strong cast this company has there is no doubt that the play tonight will be one of the best presented during the week. Saturday afternoon there will be the usual matinee at 2:30, at which time the company will give away several large teddy bears to children holding the lucky numbers. Saturday night a handsome diamond ring, which is on display at Bichsel Bros., will be given to the party holding the lucky number. After the performance tonight there will be an amateur contest. There will be a first and second prize and the winners will be decided by the applause from the audience.

"Human Hearts."

If there is any virtue in newspaper commendation, and if the endorsement of the public at large for the past ten years is to be taken as a criterion, then "Human Hearts," which will be presented here Monday night at the Sedalia theater, is certainly entitled to take rank as the "Great American Drama." During the many years that "Human Hearts" has been presented in this country, the praise accorded it by newspaper critics and the general public has been universal. There has been no dissenting voices; the verdict of approval has been unanimous. Even rival managers have graciously acknowledged that "Human Hearts" is a "Mighty good play."

at the Unique.

The Unique had another large house last night, despite the bad weather.

"The Hen-Pecked Husband" is the title of the new comedy sketch by Rapier and Rapier, which is taken from real life and is full of fun. Jesse Rapier, as the new woman, is extremely clever. She is talented and attractive, and is graceful in her stage work. The Lourettas are top notchers in acrobatic work. Al Herman, in his black face songs and monologue, keeps the audience in a roar of laughter.

Miss Wayne Clutts will sing a new song, entitled, "Since Nellie Went Away," and she needs no introduction to the people of Sedalia.

The moving pictures will be the latest, and the entire bill promises to be well received.

AGED MAN LEAVES WASHINGTON

Miss Ashford, Who Is Said to Have
Been Cast Aside, Is Non-Com-
mittal as to What Action
She Will Finally Take.

Washington, Feb. 14.—Despite the fair words of Miss Ashford and the cavalier-like acceptance of her dismissal by ex-Senator Henry Cassaway Davis, of West Virginia, there are storm signals flying which indicate that the shattered romance will not die without an aftermath of trouble.

According to the authentic reports Miss Ashford expects a monetary settlement for her generosity in freeing the aged millionaire from his obligation. There are equally significant signs that the ex-senator is indisposed to make such an adjustment.

It became known yesterday that Miss Ashford was in consultation with two attorneys, while ex-Senator Davis had hurriedly left the city. Although she will not confirm the report that she intends to sue the senator for breach of promise it is very evident that she intends to negotiate for money damages.

Friends of the family state that Miss Ashford does not at present intend to bring suit in the courts, but is certain of a quiet settlement of her demands.

In an interview Miss Ashford said: "Contrary to current reports I have not received one penny in settlement from Senator Davis. Senator Davis has always been most kind to me, and I consider him an honorable gentleman, and I would be very grieved to think that I would ever be placed in a position where it will be necessary to sue him for money. I have not fully consulted with my two attorneys as yet, however."

ENTRIES FOR GRAND PRIX

Are Said to Be More Numerous This
Year Than Ever Before.

Paris, Feb. 14.—Entries for the Grand Prix of the Automobile Club of France close tomorrow at the regular fee of \$1,000 for the first car, \$1,800 for two and \$2,400 for the full team of three.

Entries received up to June 1 will take a double fee. The sporting commission has decided that if the nominations are so numerous that an elimination is needed it will be over a distance of less than half that of the real race.

The entries this year are more numerous than ever before and the Grand Prix will undoubtedly again take its place as the world's greatest automobile event.

The day before the Grand Prix of 1908 the Automobile Club of France will hold a race for light cars (voitures). The course is to be from 150 to 180 miles. This is the first time the French club has in recent years paid attention to the light car.

'TIS OPEN TO THE WORLD

THE FIRST ENTRIES CLOSED TODAY FOR THE INTERNATIONAL PRIZE.

VALUE OF PURSE ABOUT \$17,000

Several American-Bred Horses Have Already Been Entered and Still Others Are Confidently Expected.

St. Petersburg, Feb. 14.—First entries closed today for the International Prize, the first trotting event to be arranged in Europe that is open to the world. Several American-bred horses have been entered, and more are expected before the final entry day, July 14. The purse offered has a total value of about 32,000 roubles, or \$17,000. A considerable portion of this sum was subscribed by the emperor.

The contest is to take place in St. Petersburg some time in February, 1939, under the management of the Imperial Society for the Promotion of Trotting in the Land of the Czar. Very complicated conditions govern the event, and there are in all ten divisions of the money. There is an

age limit, and all horses must have foaled prior to 1905, stallions foaled before 1895, and mares prior to 1898, and all geldings are barred.

There is a sliding scale of entrance fees, the lightest being those made up to day, which is 50 roubles and 305 roubles due the day before the race. Any entries made after today up to July 14 cost 300 roubles, then an additional 305 roubles the day prior to the contest. If any owner comes after that he has until three days before the event, when it costs 3,000 to enter and an additional 305 two days later.

The terms of the contest will hardly appeal to those who like a sure enough contest between fast horses. The distance is one and a half versts, equal to one mile. Each trotter goes two trials alone over the course, in which the time is recorded and the purse is awarded according to the fastest mile covered. The best time will secure first money, which is 15,000 roubles, and there are awards of 500 roubles each to the breeder and owner of the successful horse.

For the second fastest mile the money is 5,000 roubles, and graded up to the tenth, with premiums for the breeder and owner in each instance. The driver of the winner gets a gold watch for his skill, and probably a medal, as the Russians bestow numerous trinkets, on the professional reinsmen who compete on their tracks.

Finally, there is a handicap for horses bred outside of Russia, which virtually means America, from where most of the fast trotters have been obtained. Native Orloffs get the best of it in the international race, and even those who are only partly bred from foreign strains must concede two seconds to the home product.

George R. Smith Post Met.

George R. Smith post, G. A. R. met last night and commemorated the ninety-ninth anniversary of the birth of Abraham Lincoln. There were ad-

dresses by Capt. W. A. Fast, Dr. Ira T. Bronson and others, music by the Sedalia Military band orchestra and before adjournment refreshments were served.

HASKELL INDIANS TO TOUR

Trip That Began Today Will Continue Until March 16.

Kansas City, Mo., Feb. 14.—The redskin basketball players of Haskell Indian school at Lawrence, Kas., will make a long trip, beginning today and ending on March 16, during which they will play their red brethren of Carlisle.

A lengthy card has been prepared, as the Haskell Indians have arranged for games with the Kansas City A. WOMAN'S THROAT IS CUT

DEATH APPARENTLY DUE TO SUICIDE, BUT PROOF NOT POSITIVE.

THE PEOPLE ARE GREATLY AROUSED

Third Woman to Be Found Dead Within the Past Three Months in the Report That Comes From Janesville, Wisconsin.

Janesville, Wis., Feb. 14.—Mrs. Martha Anderson was found dead in bed early yesterday morning with her throat cut from ear to ear. There have been three mysterious deaths of women here within three months. The populace is aroused to a high pitch of apprehension.

The body of Mrs. Anderson was found lying on a cot in a rooming house. The screen of the outer door had been torn away, as if some one had used that means of getting into the house. The glass in the inner door was open and the door to the woman's room was open.

The woman who lives down stairs said she heard voices and then shortly afterwards groans, and she called the police.

The room was found covered with blood. A razor was lying on some clothing on the floor behind the body. Mrs. Anderson's two children, who do not make their home with her, but live in the city, said that their mother had a razor, but that the one found on the floor was not hers.

Death was apparently due to suicide, but owing to the recent mysterious death of two other women, an investigation will be made.

COL. SNELL WAS INSANE

A MENTAL BREAKDOWN SHOWN
IN THE CHANGE OF HIS
AFFECTIONS.

CASE MAY GO TO JURY SATURDAY

The Reading of "Mabelle's" Letters
Barred—Not So, Though, With
Those of Mrs. Hamilton,
Minister's Wife.Bloomington, Ill., Feb. 14.—Expert
alienists, after being told of the
characteristics and conduct of Col.
Tom Snell, during the closing years
of his life, declared without equivoca-
tion their belief that he was in-
sane.These experts cost the complainant
\$300 each per day, and one has been
in attendance three days. The money
was not begrudged, however, and the
lawyers for the disinherited son are
confident that they have won the
will case.Dr. Archibald Church, of Chicago,
the first expert, declared his belief
that Snell was insane, after hearing
a lengthy series of hypothetical ques-
tions which reviewed the career of
the old man and told of his change
of feeling toward his only son, and
of various phases of undue influ-
ence.After such declaration, Dr. Church
was severely cross-examined by the
attorneys for the proponents of the
will, but did not change his belief
of mental incapacity."What was the nature of his men-
tal condition?" was asked.
"I can not tell from the questions,"
was the reply."What has been his mental condi-
tion as to whether he was capable
of understanding where his natural
bounty should go?" was asked.
"He could not understand.""What would you consider from
these conditions?""A mental breakdown. I note a
change of affection, which is an ear-
ly indication of insanity.""Would you regard the retention
of the letters as read yesterday as
an indication of insanity?"
"I would. It looked to me like a
dirty, bad streak in the old man. The
morbid holding of such letters and
the telling of obscene stories indi-
cates a degree of insanity. This per-
version would have a tendency to
alienate from him the natural object
of his affections.""Would not the retention of these
letters indicate a possibility that he
wished to protect himself from black
mail?""No, I would not look upon it in
that way. It appears to me as if
there was something wrong morally
and mentally.""Upon what would you base your
belief of insanity if the letters were
withdrawn from consideration?"
"Upon the matter of affection to-
ward his family. The estrangement
between father and son is itself an
indication of insanity."Dr. L. S. Greene, superintendent of
the Eastern Illinois Hospital for the
Insane, at Kankakee, was the second
expert alienist on the stand. He, too,
believed after hearing the hypoth-
esis, that Snell was insane. His testi-
mony was along similar lines to that
of Dr. Church, but he scored the hit
of the day when he was asked to dif-
ferentiate between an insane delu-
sion and a sane delusion."A few years ago," he said, "five
millions of people believed in free
silver. They were victims of a sane
delusion. They know better, or most
of them do, now. The few who still
believe in free silver are afflicted
with an insane delusion."On the ground that Mabelle Snell
was a beneficiary in the will and a
defendant in the litigation, Judge
Cochran barred the letters alleged to
have been written by her, which were
found in the effects of the old man.
This ruling was a great disappoint-
ment to the complainant, who count-
ed upon their effect on the jury
through the reading.The greater part of the day was
consumed with other witnesses in
the effort to prove mental failure and
lack of business capacity.The complainants will complete
their case today, the rebuttal and ar-
guments will then follow. The case
may reach the jury Saturday.The Minister's Wife's Letter.
Clinton, Ill., Feb. 12.—"I never
knew what love was until I met you.
I am crazy about you. Send me some
money."Nineteen words form a fair sum-
mary of the thousands of words writ-
ten by Mrs. Laura Hamilton, wife of
a Methodist preacher when she
was courting old Tom Snell, railroad
builder. The woman was 47, the man
87. The letters she wrote to him are
being read to the jury in the contest
over his \$2,000,000 estate. Many of
them are signed "Your own little
girl."

See that the next
cough remedy you
buy is wrapped
like this.EVERY one desires to establish
for himself a good name, but
it takes time to win the confidence
of your fellow men. Truth and per-
severance are the alternate rungs
on the ladder of success, and he
who reaches the top must make no
false step.There are hundreds of cough
medicines with all sorts of names,
each claiming to be the best, but
the test of time will prove whether
or not they have established the
right to be called the best.Chamberlain's Cough Remedy has had thirty-five
years of sale and use, and has cured coughs and
colds under all conditions, in all countries and clim-
ates, and the verdict today is that it has no equal.Careful selection of the drugs,
intelligent and skillful compound-
ing, the entire absence of opium,
chloroform, or any other harmful
ingredient, and the absolute purity
of every article that goes into its
composition, has built up and sus-
tained its good name.These are the things you should
remember, and the next time you
want a cough medicine, it is worth
while to see that you get Cham-
berlain's and secure the virtues which
a good name implies.Every dealer who sells a bottle

LASHED BY ANGRY MOTHERS

School Teacher Whipped Because of
Some Slighting Remarks.Canon, Ga., Feb. 14.—The horse
whipping of Dr. J. H. Bailey, princi-
pal of the High school, by twelve
prominent mothers has divided the
town into factions and further trou-
ble is likely. The mothers say Bal-
ley was upheld by the mayor and
two of the school trustees, and
threats are made by the angry wo-
men to horsewhip these officials.The trouble was caused by certain
statements Bailey is alleged to have
made reflecting on the mothers of
the children in school. The latter met
and named a committee of twelve to
demand a retraction and horsewhip
Bailey. Bailey retracted, but was
lashed unmercifully with buggywhips
in the presence of the children.After the whipping Bailey left
town. He has been in charge of the
school for three years, coming here

a small college. The women say that
Bailey got only what he deserved,
and that they will whip any man who
defends him.
"Bailey," said Mrs. C. A. Bagwell,
"spoke shamefully of us before our
children, and no mother ought to
stand for that."Parties desiring experienced nurse
call at 505 East Fourth street.was carefully cherished by Col. Tom
Snell, although frequently in her let-
ters appears the warning, "Don't fail
to destroy this." The missives were
undated, but the recipient interpolat-
ed their dates in lead pencil, and on
the back of the envelopes he often
penciled editorial remarks, such as,
"This is the best one she ever
wrote," and "Don't fail to read this
one. It is a good one."The relatives who are suing to
break the will say the old man used
to retire into his study and spread
these letters on the floor, chuckling
like a school boy as he read such
sentences as, "You are my own dar-
ling. Send me some money."The aggregate of the cash divi-
dends that Mrs. Hamilton's invest-
ments in stamps and stationary paid
is a matter of doubt, but on occa-
sions she acknowledged receipts of
as much as \$100 and begged for \$400
more to add to the original, which,
she figured, would make \$500. She
pointed out that the colonel was
wealthy and would not miss such lit-
tle presents, while, on the other
hand, she needed the money andwould be sure to love him more if
the cash came oftener.
In addition to pin money, Mrs.
Hamilton expected a winter coat.
She reminded the colonel that he
had purchased one for "B"—, sup-
posed to be Mabelle Snell, the fa-
vorite grandniece, who was setting
the pace in the race for the old man's
affections and effects. Also, she want-
ed a house and lot—the home in
Newman, Ill., was cold, she said, and
she believed she could be warmer in
Bloomington or Decatur. She wanted
a diamond ring, too, and when she
got it she gave it to her daughter
and then wanted another. This, the
relatives say, is one of the remarks
in the letters that made the old man
laugh.In return for these financial consid-
erations Mrs. Hamilton not only of-
fered her heart to the colonel, but
pledged the affections of her daugh-
ter, Eelna, then 17 years old. The
astounding proposition she made, ap-
parently with her clergyman hus-
band's knowledge and consent, was
read to the jury. While the lawyer
droned through her letters, Judge
W. O. Cochran, presiding at the will
contest, turned his face away. He
is an ordained Methodist minister
and has been a life long friend of
Mrs. Hamilton's husband.THE LANDMANN

Strange Symptoms

Those symptoms, that you do not understand,
are very likely due, if you are a woman, to womanly

that no local pain is experienced, but just a feeling of

depression, that has driven many a sufferer to the
brink of desperation.In such cases, Wine of Cardui can be depended
on to bring relief and renewed interest in life. Being

BACK TAXES ON MILLION

Mrs. Eddy's Property May Be Assessed for Fifteen Years.

Concord, N. H., Feb. 14.—The proposed taxation of Mrs. Baker G. Eddy's property, shown by recent court inquiry to be in the neighborhood of \$1,000,000, was the subject of a conference yesterday between Joseph E. Shepard, chairman of the board of assessors, and City Solicitor Edmund S. Cook. The matter involves not only assessment for the current year, but whether the city is not entitled to recover back taxes covering a period of about fifteen years.

The New Hampshire law provides that trustees of property are to be taxed where they reside. Henry M. Baker, of Bow, and Josiah E. Fernald, of Concord, are both residents of the state, but Mrs. Eddy's third trust-

Schoolboys Pelted Him Until Policeman Found Him Dead.

New York, Feb. 14.—Boys returning from school yesterday afternoon snowballed an old man who tottered along Greenwich street. He sank down on the steps of an old house at the corner of Horatio street beneath a fusillade of snowballs.

His tormentors were preparing other missiles when a policeman appeared and it was learned that the man was dead. He was recognized as Thomas Thomas, once a wealthy man and of good family, who had lived alone in Greenwich village since reverses of years ago swept away his fortune.

Postal Department Removes Height and Weight Limit.

Washington, Feb. 14.—An order has been issued by Postmaster General Meyer abrogating the regulation heretofore enforced respecting the height and weight of postal clerks.

The regulation, which was enforced by the civil service commission, provided that applicants for positions as postal clerks should be 5 feet and 4 inches in height, and weigh at least 125 pounds.

In the opinion of the postal officials such a regulation is unnecessary, and sometimes embarrassing.

GOVERNMENT SAYS EXPRESS COMPANY CARRIED MAIL CONTRARY TO LAW.

COACH, CAB AND CABOOSE ITEMS

Matters of Interest Picked Up From Various Sources for the Benefit of Democrat-Sentinel Readers.

Violation of the postal laws by carrying first-class mail matter was charged against the American Express company in a suit filed in the United States district court in Cincinnati by District Attorney McPherson. The suit was the first move in a campaign which the government proposes to wage against common carriers for carrying first-class mail matter contrary to law.

In the petition the attorney alleged that the company on January 16 carried a letter from Texas to Cincinnati. The letter was from Mrs. Will Brown, of Belton, Tex., and in it she ordered from a glove company twelve pairs of gloves, and inclosed \$2.47 in payment.

Attorney McPherson claims the letter did not relate to the business of the express company, and that the envelope did not bear a postage stamp, as required by law. The penalty for violation of this provision of the federal statutes is \$100.

Application for Acquittal Instruction Is Refused.

Pineknayville, Ill., Feb. 14.—The prosecution begun by the Anti-Saloon league of Duquoin against A. C. and A. G. Willi, charged with selling intoxicating liquors in anti-saloon territory, is being contested in the county court.

Upon the conclusion of the prosecution's testimony, a motion was filed by Attorney Pope to instruct the jury to find the defendants not guilty, and supported by lengthy argument against the constitutionality of the law.

Judge Meyers, of Franklin county, presiding, decided that the act was constitutional, and the motion of the defendant was overruled. The defense will offer its case this afternoon.
